On December 17, 2018, Donna Jennings filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) as a result of an influenza (“flu”) vaccine administered on October 16, 2017. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On January 6, 2020, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

at 1-2. Specifically, Respondent concludes that “petitioner suffered a Table SIRVA injury.” *Id.* at 4. Respondent further agrees that Petitioner “suffered the residual effects of her condition for more than six months.” *Id.*

In view of Respondent’s position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
